**Ratification interdiction poids lourds classés Euro 3 et Euro 4**

**RATIFICATION DE L'INTERDICTION DE  
TRANSIT AUX POIDS LOURDS EURO 3 ET  
EURO 4**

Nous vous informons que, lors de sa réunion du 5 juin 2020, la Commission intergouvernementale du Tunnel du Fréjus a ratifié les mesures interdisant les poids lourds d'une masse totale maximale autorisée supérieure à 3,5 tonnes Euro 3 et Euro 4 dans les deux tunnels à compter du 1er juillet 2020.

Considérant toutefois la difficulté liée à l'urgence sanitaire liée à la Covid-19, pour les transporteurs, de s'équiper de poids lourds conformes aux règles susmentionnées, la CIG a autorisé le report jusqu'au 30 septembre 2020 de la mise en œuvre de l'interdiction.

Dans cette attente, le transit de poids lourds Euro 3 et Euro 4 au Tunnel du Fréjus, dans les deux sens sera autorisé sous réserve de présentation, sur demande, d'une autocertification attestant l'impossibilité de s'équiper de poids lourds conformes aux normes Euro 5 et Euro 6 pour des circonstances directement liées à l'urgence sanitaire susmentionnée.

Vous trouverez ci-joint le formulaire d'autocertification à remplir dans le cas d'une personne physique ou morale.

Salutations distinguées.

**RATIFICA DEL DIVIETO DI TRANSITO AI  
VEICOLI PESANTI EURO 3 ED EURO 4**

Si comunica che la Commissione Intergovernativa del Traforo del Frejus, nella seduta del 05 giugno 2020, ha ratificato le misure di divieto di circolazione degli automezzi pesanti di massa complessiva massima autorizzata superiore a 3,5 tonnellate Euro 3 ed Euro 4, nelle due gallerie, a partire dal 01 luglio 2020.

Considerata, tuttavia, la difficoltà legata all'emergenza sanitaria da Covid-19, per i trasportatori, di dotarsi di automezzi pesanti conformi alle suddette norme, la CIG ha autorizzato il rinvio fino al 30 settembre 2020 per l'attuazione del divieto.

Pertanto, sarà consentito il transito dei mezzi pesanti Euro 3 ed Euro 4 al Traforo del Frejus, in entrambe le direzioni dietro esibizione, su richiesta, di apposita autocertificazione attestante l'impossibilità di dotarsi di automezzi pesanti conformi alle norme Euro 5 ed Euro 6 per circostanze direttamente riferibili alla precitata emergenza sanitaria.

Si allega alla presente il modello di autocertificazione da compilare in caso di persona giuridica o fisica.

Distinti saluti

**Objet : Frejus tunnel**

**Ratification of the transit ban on heavy goods vehicles Euro 3 and Euro 4**

### **RATIFICATION OF THE TRANSIT BAN ON HEAVY GOODS VEHICLES EURO 3 AND EURO 4**

The Intergovernmental Commission on the Frejus Tunnel, at its meeting of 05 June 2020, ratified the measures banning heavy goods vehicles with a maximum total authorized mass of more than 3.5 tons Euro 3 and Euro 4 in the two tunnels from 01 July 2020.

Considering, however, the difficulty related to the Covid-19 health emergency, for carriers, to equip with heavy trucks complying with the above rules, the Intergovernmental Commission authorized the delay until September 30, 2020 for the implementation of the ban.

In the meantime, the transit of Euro 3 and Euro 4 heavy vehicles at the **Frejus Tunnel** in both directions will be allowed, upon request, with a self-certification attesting the impossibility of equipping themselves with heavy trucks complying with the Euro 5 and Euro 6 standards for circumstances directly related to the above mentioned health emergency.

Attached hereto is the self-certification form to be completed in the case of a legal or natural person.

Best regards
